Where color and technology come together

Achieving the perfect tan has never been easier with the new Mystic Tan Unity™ spray booth. Unity™ offers the most technologically advanced, personalized spray tanning experience on the market.

With Unity's™ customizable solution mix and MagneTan® Spray System, clients of all skin tones will be guaranteed a natural, flawless looking tan every time.

The Mystic Tan Unity™ app puts the power of customization in your clients' hands. This app-based session tool guides tanners through spray tanning education, skin color & solution selection recommendations, and spray tan session instruction.

The Mystic Tan Unity™ app also enables customers to set-up their spray sessions and collect payment. This makes Unity™ the first fully automated, attendant-free, spray tanning booth on the market.
