VENETIAN RAPID SELF-TANNING LOTION

Unrivaled and unmatched: Our Best-Selling **Norvell Venetian Rapid Self-Tanning Lotion** is designed with cool violet-brown undertones to give a natural-looking tan – Fast! This luxurious Rapid lotion is easy to use anytime, anywhere to achieve a bronze glow and gives your clients the ability to do a warm water rinse only – in 1 hour for light color, 2 hours for a medium tan or 3 hours for the darkest bronze. Only the finest ingredients are purposefully selected and paired with our innovative technology to achieve excellence in both skincare and color. The most advanced bronzers are carefully blended with the highest quality of naturally derived DHA, potent antioxidants and rich moisturizers for a radiant complexion – because healthy skin tans best!

BOLD COLOR RESULTS

Cosmetic bronzers provide for immediate color, while DHA will deepen the tan over the next 24 hours. For a darker tan, gradually build up layers of color through multiple applications. Our Venetian Collection is expertly crafted with VIO-7, a unique blend of anti-orange bronzer pigments designed to counter any orange undertones for the most natural-looking tan.

NATURAL COLOR COMPLEX™

Our proprietary infusion of skin-loving ingredients.

- ANTI-AGING – Vitamin E and Tomato fruit extract help reduce wrinkles and prevent signs of aging.
- TIGHTENS & FIRMS – Vitamin C stimulates collagen to help improve skin elasticity and firmness.
- SMOOTHS & HYDRATES – Aloe Vera Barbadensis Leaf Juice is a moisturizing anti-oxidant that soothes and balances the skin to be more radiant.

SAY GOODBYE TO UNPLEASANT ODORS

Specially formulated with Ordenone®, a powerful odor-neutralizing ingredient, it effectively encapsulates and virtually eliminates odors commonly associated with self-tanning. It is infused with the delightful fragrance of Coconut Paradise (Nut-Allergy-Free).

Our Rapid Self-Tanner lotion allows for a warm water rinse only in 1 hour for light color, 2 hours for a medium tan or 3 hours for the darkest bronze. While tan results will develop rapidly, must avoid shampoo, soap or shaving for at least 8 hours after application.
