

COLOR. ARTISTRY. EXCELLENCE.

VENETIAN SELF-TANNING FACIAL MIST

Unrivaled and unmatched: Our Best-Selling **Norvell Venetian Self-Tanning Facial Mist** is designed with cool violet-brown undertones to give a natural-looking tan. This light, fresh mist is perfect for creating a bronze glow or for touch-ups anytime, anywhere, ensuring a consistent tan on the face, as it may fade faster than the rest of the body. Only the finest ingredients are purposefully selected and paired with our innovative technology to achieve excellence in both skincare and color. The most advanced bronzers are carefully blended with the highest quality of naturally derived DHA, potent antioxidants and rich moisturizers for a radiant complexion – because healthy skin tans best!

BOLD COLOR RESULTS

Cosmetic bronzers provide for immediate color, while DHA will deepen the tan over the next 24 hours. For a darker tan, gradually build up layers of color through multiple applications. Our Venetian Collection is expertly crafted with VIO-7, a unique blend of anti-orange bronzer pigments designed to counter any orange undertones for the most natural-looking tan.

NATURAL COLOR COMPLEX™

Our proprietary infusion of skin-loving ingredients.

- TOMATO EXTRACT & VITAMIN C – Help stimulate collagen to visually improve skin elasticity and firmness.
- VITAMIN B5 & E – Help improve skin tone and radiance to reduce wrinkles and signs of aging.
- ALOE VERA BARBADENSIS LEAF JUICE & CRANBERRY EXTRACT – Calm and soothe irritated or inflamed skin.

SAY GOODBYE TO UNPLEASANT ODORS

Specially formulated with Ordenone®, a powerful odor-neutralizing ingredient, it effectively encapsulates and virtually eliminates odors commonly associated with self-tanning. It is infused with the delightful fragrance of Coconut Paradise (Nut-Allergy-Free).

OUR MOST POPULAR VIOLET-BROWN COLOR SPECIALLY FORMULATED FOR THE FACE. VIO-7 ANTI-ORANGE COLOR TECHNOLOGY. PERFECT TRAVEL SIZE.

PRE-TAN CARE

Prepare the skin with a mild exfoliation using our Glow System Exfoliator to balance pH levels prior to self-tanner application. Next, apply a thin layer of our Glow System Primer to your face and neck to provide a smooth foundation.

APPLICATION

Apply product smoothly and evenly over freshly primed skin with a make-up sponge or cosmetic applicator to minimize over-absorption. Carefully blend on the face and neck, paying special attention to the hairline. The instant bronzers serve as a visual guide to help indicate where the product has been applied.

POST-TAN CARE

Lightly spray our HYDROFIRM™ Setting Spray on your face and neck to seal in flawless color, moisturize and mitigate bronzer. Preserve the radiant glow of your facial tan with our Glow System Post-Tan Face Lotion, specially formulated for the face to extend the life of your color.

AVAILABLE SIZE:

2 fl oz. | VFACE002 – TSA APPROVED

HOW TO USE

Lightly spray onto make-up sponge and gently blend on face and neck. Carefully blend into hairline. Avoid direct spray into eyes, nostrils, mouth and other mucuous membranes. Wash hands thoroughly after use. Use the same method for self training touch-ups.

PRODUCT INGREDIENTS: Aqua (Water/Eau), Dihydroxyacetone, Alcohol Denat., Dimethyl Isosorbide, Propanediol, Solanum Lycopersicum (Tomato) Fruit Extract, Vaccinium Macrocarpon (Cranberry) Fruit Extract, Aloe Barbadensis Leaf Juice, Ascorbic Acid (Vit.
