WELLFIT™

VERSASPA® WELLFIT™ HYDRATE SKINCARE SOLUTION

Ready to unlock the secret to balanced, supple skin? WellFit™ **HYDRATE** is a revolutionary treatment that will transform your daily skincare routine. The uniquely fine-mist, infuses water into the inner cells of the skin helping to restructure the skin's moisture barrier. Our patented Tri-Hydro Boost Complex™ contains three unique molecular weights that have been meticulously designed to target multiple layers of the skin, unlike common topical moisturizers. The treatment ensures comprehensive hydration, locking in moisture for a full 24 hours! Plus, **HYDRATE** is more than just a moisturizer; you'll not only enjoy superior hydration but also enhance the overall performance of your everyday skincare products.

INGREDIENTS: Water (Aqua/Eau), Glycerin, Propanediol, Polyorbitalate 20, Sodium Hyaluronate, Fragrance (Parfum), Phenoxethanol, Caprylyl Glycol, Benzyl Benzoate, Limonene, Citral

TRI-HYDRO BOOST COMPLEX™

Triluronic Acid™ (*sodium hyaluronate*) contains three unique molecular weights designed to target multiple layers of the skin from the surface through the epidermis and dermis layer.

HYDRATE BENEFITS

A proprietary blend of Triluronic Acid™, Glycerin, and Propanediol works together to:

-  Relieve parched skin
-  Repair skin barrier to retain moisture
-  Instantly replenish moisture loss
-  Protect against environmental stress
-  Optimize performance of daily skincare

24 HOUR
HYDRATION!

Penetrates multiple skin layers

WELLFIT™

VERSASPA® WELLFIT™ LIFT SKINCARE SOLUTION

Rediscover your skin's natural radiance with our revolutionary collagen boosting treatment. WellFit™ **LIFT** is an advanced spray formula created with a unique molecular weight to easily absorb into the skin, working to reduce the appearance of fine lines and skin imperfections at the cellular level. Our potent C-Lift Peptide Complex™ is enriched with a blend of natural ingredients known for their collagen-boosting properties, including vitamins and essential peptides. **LIFT** mimics the effect of red-light therapy, replenishing and restoring collagen levels, making skin look (and act) healthier, plumper, brighter, and younger!

C-LIFT PEPTIDE COMPLEX™

Enriched with a blend of natural and effective ingredients promoting healthy cell renewal and visibly reducing age spots & fine lines.

LIFT BENEFITS

- Prolevis™ (*Vegetable Protein*) for instant skin tightening
- Bodyfit™ (*Glaucine*) creates a smoother, more resilient texture & reduces cellulite appearance
- Agefinity™ (*Sodium Mannose Phosphate*) Reduces age spots and skin imperfections while stimulating collagen production
- Argireline® Peptide (*Acetyl Hexapeptide-8*) minimizes fine lines and acts as a natural botox for a more youthful appearance

Vital collagen regeneration

WELLFIT™

VERSASPA® WELLFIT™ RECOVER SKINCARE SOLUTION

The ultimate solution for nourishing skin recovery. WellFit™ **RECOVER** restores vital Electrolytes lost during daily activity and workouts, providing a burst of cooling relief that leaves you feeling instantly refreshed and invigorated. Our Nitro+ Mineral Complex™ is rich in magnesium, potassium and Calcium to build a strong and healthy skin barrier and improve skin elasticity. **RECOVER** features a light-weight spray formula delivers crucial amino acids with effortless absorption, replenishing skin to optimal health!

NITRO + MINERAL COMPLEX™

Crucial minerals (*potassium, magnesium, calcium*) and antioxidants to protect against environmental stress and improve overall cellular balance.

RECOVER BENEFITS

Frescolat ML™ (*Menthyl Lactate*)

✧ For instant cooling sensation and relief, providing an invigorating post-workout recovery

ProdeW 600™ (*Essential aminos blend created with Glycine, Glutamic Acid, Proline*)

✧ Creates better skin health, vibrancy, and elasticity

✧ Optimizes skin health for better balance and performance of everyday skincare

✧ Replenishes amino acids lost due to physical activity

WELLFIT™

MAXIMIZE the Benefits of Red-Light Therapy

WellFit™ Skincare Solutions were engineered to maximize the benefits of red-light or other low level light therapies. Red light therapy, also known as low-level laser therapy (LLLT), is a non-invasive treatment that utilizes specific wavelengths of red and near-infrared light to stimulate cellular activity and promote various health and beauty benefits. When used in conjunction with the right skincare regimen, these therapies can deliver enhanced results. Plus, WellFit solutions can be used daily so they seamlessly integrate with your treatment schedule.

Here's how WellFit™ maximizes the effectiveness of red-light therapy:

SKIN PREPARATION

Hydrating and collagen-enhancing skincare products complement the effect of light therapy by providing essential nutrients, such as peptides and vitamins, that promote collagen synthesis. The combination of skincare and light therapy optimally improves skin texture and reduces signs of aging.

SKIN HEALING AND REPAIR

Red light therapy accelerates the body's natural healing processes. When combined with skincare products designed to support skin repair and recovery, it can be particularly effective in addressing issues like acne scars, sun damage, and blemishes. Ingredients like Triluronic Acid™ and antioxidants found in WellFit can further aid in the repair process by providing necessary protection against free radicals.

ENHANCED RESULTS

The synergy between red light therapy and collagen-enhancing skincare creates a cumulative effect. Regular use of both treatments can lead to more profound and longer-lasting results.

Recommended use for Red-Light therapy: Use WellFit™ solutions before or after; optimally pre-red-light treatment.
