

COLOR. ARTISTRY. EXCELLENCE.

BRONZE SOLUTION FOR THE VERSASPA PRO

Norvell Bronze Solution is designed with warm brown and chestnut undertones to give a bronze tan. Only the finest ingredients are purposefully selected and paired with our innovative technology to achieve excellence in both skincare and color. The most advanced bronzers are carefully blended with the highest quality of naturally derived DHA, potent antioxidants and rich moisturizers for a radiant complexion – because healthy skin tans best!

BOLD COLOR RESULTS

Norvell is one of the largest users of DHA in the world. We test each batch to ensure quality and freshness for peak product performance. Our Cosmo Collection is expertly crafted with VIO-7, a unique blend of anti-orange bronzer pigments, designed to counter any unwanted orange undertones for the most natural-looking tan.

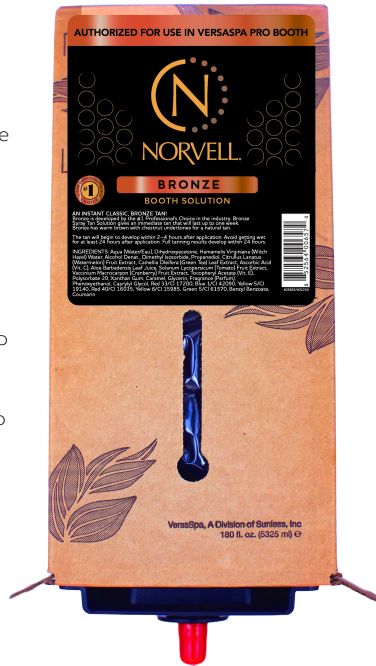

NATURAL COLOR COMPLEX™

Our proprietary infusion of skin-loving ingredients.

- ANTI-AGING – Vitamin E and Tomato fruit extract help reduce wrinkles and prevent signs of aging.
- TIGHTENS & FIRMS – Vitamin C stimulates collagen to help improve skin elasticity and firmness.
- SMOOTHS & HYDRATES – Aloe Vera Barbandensis Leaf Juice is a moisturizing anti-oxidant that soothes and balances the skin to be more radiant.

SAY GOODBYE TO UNPLEASANT ODORS

Specially formulated with Ordenone™, a powerful odor-neutralizing ingredient that effectively encapsulates and virtually eliminates odors commonly associated with self-tanning. It is infused with the delightful fragrance of Coconut Vanilla (Nut Allergy-Free).

WARM BROWN & CHESTNUT UNDERTONES FOR A BRONZE TAN!

PRE-TAN CARE

Prepare the skin with our Glow System Pre-Tan eXmitt and Enhancing Primer products to gently exfoliate and balance pH levels prior to spray tan application.

ENHANCE THE EXPERIENCE

The VersaSpa Pro Skincare Perfector Solution balances pH levels for a deeper, darker, and more even tan. See color faster, with visible development in as little as two hours! The VersaSpa Pro Skincare Moisturizer Solution can also be added to provide immediate hydration for the skin, that helps to lock-in and deepen color.

POST-TAN CARE

Extend the life of your tan with our Glow System Post-Tan products. Moisturize and prolong your tan with the Glow System Post-Tan Self-Tanning Prolong Lotion. Gently cleanse while balancing the skin's pH levels with the Post-Tan Shower Cleanser. Use the silky Post-Tan Face Lotion daily to maintain face tan.
