

ULTRA PRO MALIBU BRONZING SOLUTION FOR VERSASPA PRO™

Ultra Pro Malibu Bronzer Solution is formulated with a powerful blend of natural and organic ingredients that rejuvenate, detoxify, firm and hydrate the skin. Inspired by Malibu's warm climate and miles of cool California coastline, this bronzer is the perfect blend of warm brown with cool violet undertones for a luxuriously deep bronze tan.

Ideal For Customers Interested in Enhancing the Skin's Natural Warmth While Neutralizing Redness

BEAUTIFUL COLOR RESULTS

We test each batch of DHA to ensure quality and freshness for peak product performance. Malibu solution is formulated to work with each client's natural undertones, ensuring a radiant and customized result, every time.

PURPOSEFUL PACKAGING

VersaSpa offers all shades in 180 fl. oz. Bag-in-Box packages to ensure product efficacy. Keep these stored in a cool environment, unexposed to heat, light and air to ensure you spray the most active solution possible.

SAY GOODBYE TO UNPLEASANT ODORS

Formulated with Odor-Ban200™ to virtually eliminate the common sunless tanning odor.

RESULTS

Cosmetic bronzer color will wash away with the first post-tan rinse. Tan will begin to develop within 2-4 hours after application, with full tanning results in 24 hours. For best results, avoid getting wet for at least 24 hours after application.

AVERAGE: 65-70 spray tans per BiB
ITEM #: 402825
FRAGRANCE: Lush Blossom

INFUSED WITH NATURAL AND ORGANIC INGREDIENTS

- Eco-Certified DHA and Erythulose – naturally derived sunless tanning active ingredients give an extended, deep tan
- Mitostim – Brown Algae helps with skin oxygenation and detoxification for cellular rejuvenation
- Chlorellagen – Green Algae helps improve skin firmness and provides structure and support
- Aloe Vera helps rejuvenate and restore moisture balance to skin
- Green Tea Extract helps to reduce free-radical damage and environmental stress on skin
- Calendula Flower Extract helps to fight acne and provides anti-inflammatory benefits
- Ginseng Root Extract helps to protect skin against UV damage, improve skin elasticity and brighten skin

PRE-TAN CARE

Prepare the skin with the Norvell® Glow System Pre-Tan eXmitt and Enhancing Primer products to gently exfoliate and balance pH levels prior to spray tan application.

POST-TAN CARE

Moisturize skin and prolong your tan with the Norvell® Glow System Post-Tan Self-Tanning Prolong Lotion and Face Lotion. Gently cleanse while balancing the skin's pH levels with the Norvell Glow System Post-Tan Shower Cleanser.
