beyond ton

TAPPING INTO THE BEAUTY TECH TREND, WELLFIT IS CRAFTED BY SCIENCE AND CUSTOMIZED BY TECHNOLOGY, MAINTAINING OVERALL WELLNESS AND SKIN HEALTH THAT PROVIDES A NEURO-GLOW EXPERIENCE, HEALING OVERALL MENTAL WELLNESS WHILE ENHANCING OUTER SKIN APPEARANCE.

THE WELLFIT EXPERIENCE

- Featuring effortless application, WellFit treatments are applied in under 2 minutes with a spray/mist solution across the entire body.
- The spray system is easy to use with a simple press of a button to select your treatment and begin your treatment session.
- Smart technology provides audio guidance to alert you when to turn around, and the entire experience is heated for comfort.
- All WellFit Solution Treatments have complementing ingredients that are further optimized when experienced together.
- WellFit treatments can also be used after any spray tan services offered within the VersaSpa PRO spray systems.

THE WELLFIT WAY

- WellFit skincare treatments do not require extensive preparation, simply arrive for your treatment with clean skin.
- Once your treatment is complete, allow 4-6 hours before rinsing or showering. For optimal results, we recommend skin care treatments at least 3x a week.
- There is a synergistic benefit when using WellFit skincare treatments with other services like redlight therapy, hydration pods, and saunas.
- When used with redlight therapy, we recommend that Wellfit treatments precede the service. When used with hydration pods and saunas, we recommend using Wellfit treatments after.

THE WELLFIT CARE

- WellFit solutions contain trusted, clinically proven ingredients that provide powerful solutions for skin health.

- All WellFit skincare treatments are made with the highest quality ingredients that are always Cruelty-Free, Paraben Free, 100% Vegan, Gluten Free, Dermatologist Tested, and Non-Comedogenic.

- All WellFit solutions are scented with a natural scent containing notes of sea grass and sage.
