

## FULL BODY SKINCARE IN UNDER 2 MINUTES

The latest research affirms that wellness is a top priority for consumers with better appearance being cited as a top desire for complete mind and body wellness. WellFit innovative skincare solutions can seamlessly integrate into your business and expand your wellness and spa services, providing beneficial results your clients find value in!

Depending on your business model, you may choose to carry one or all of the available skincare options! WellFit skincare solutions were designed with complementing ingredients that are further optimized when experienced together. Here are our recommendations for integrating WellFit into your existing sunless business.

## RECOMMENDED DRAWER LOAD FOR VERSASPA PRO

For the most optimized experience consider a skincare devoted unit.

For skincare forward salons and spas or businesses with 2 or more units we recommend a minimum of 2 skincare options to a booth.

For heavy volume spray salons (8+ tans per day) consider at least 1 skincare option to a booth.
