

the future is customizable.

Achieving the perfect glow has never been easier with the Mystic Unity spray booth. Unity offers the most technologically advanced, personalized spray tanning and skincare experience on the market.

With Unity's customizable solution mix and MagneTan® Spray System, clients of all skin tones will be guaranteed a natural, flawless looking tan every time.

The Mystic Unity app puts the power of customization in your clients' hands. This app-based session tool guides users through education, solution selection recommendations, and session instructions.

The Mystic Unity app also enables customers to set-up their spray sessions and collect payment. This makes Unity the first fully automated, attendant-free, spray booth on the market.
