- Sodium Lactate helps to balance pH levels
- Propanediol helps to soften and smooth skin
- Isopentyldiol helps create a flawless, even tan
- Betaine helps to help protect skin from dehydration
- Proline helps to increase the production of collagen
- Arginine helps to strengthen the skin's natural barrier
- Alanine helps to calm and soothe skin
- Serine helps to moisturize skin and reduce redness
- Made with natural, cruelty-free, paraben-free, 100% vegan, and non-comedogenic ingredients

### THE TECHNOLOGY

Designed for clients who desire quicker results, Accelerator helps to balance and hydrate with skin-loving amino acids and humectants that enhance the skin's natural moisturizing factor and provide skin barrier support.

### THE RESULT

Deeper, darker, more even tan results.

### SPRAY TAN CARE

- Wear loose, dark clothing to spray tan appointment to prevent color transfer while tan develops
- Avoid showering or getting wet (including sweating) for at least 6 hours post-spray tan
- Full spray tan results will be visible in 24-48 hours
- To extend results, moisturize daily after first post-tan rinse
- Avoid scrubbing, harsh soaps or exfoliating until ready to remove spray tan

### ACCELERATOR HELPS TO:

**Balance** skin's pH levels for even and deep tan results

**Speed up** tan development, so clients see their base tan color quicker

**Moisturize** skin and reduce free-radical damage
