

INNOVÉ

BEAUTY & WELLNESS

Global Leader in Spray Technology.

| | | |
|---------------------------------|---|---|
| BOOTH OVERVIEW | Mystic™Unity® - The Future Is Customizable - Achieving full-body wellness has never been easier with the new Mystic Unity spray booth, now featuring Wellfit skincare solutions that can be added onto a tan or used as a stand-alone treatment, giving your clients the ability to choose a session that matches their unique skin needs. Unity offers the most technologically advanced, personalized spray experience on the market. With Unity's automated solution mixing system and Magnetan spray technology, clients will be guaranteed natural, even and flawless results every time. Unity's 8-bay solution drawer allows you to offer even more tanning and skincare solutions to maximize booth productivity. Plus, with added heat and improved position guidance, clients will enjoy warmer, more comfortable, worry-free sessions than ever before. | |
| | | |
| BOOTH DESIGN | Single Track Door - Fully Enclosed | |

| | | |
| SOLUTION STORAGE SYSTEM | Bulk Bag-In-Box - 1.4 gallon bag-in-box containers provide easy handling and quick change out of your most used solutions while keeping the important solutions fresh and ready to tan. | |
| | Myxer Pouches - 250 ml pouches for accelerators, bronzers and scents allow for maximum customization. Wellfit Solution Bag-In-Box - 1000 mL bag-in-box containers provide easy handling and quick change out of your Wellfit solutions. More Options for a Customizable Experience - Fill out your 8 bay drawer with your choice of Wellfit solutions, Bronzers, Scents and Accelerator for the most customizable spray experience. | |
| CLEANING | Automatic Washdown System - Automated waterfall washdown system, rinses the booth automatically after each session or customize your washdown schedule to match your business. | |
| | Optional Booth Cleaner BiB - 1.4 gallon bag-in-box containing a special cleaner solution that is injected into the washdown line on your schedule to keep the booth clean and fresh regardless of your tanning volume. | |
| MECHANICS | The Mystic Tan Unity uses a single electrostatic spray nozzle to provide a fast, uniform tan that can wrap evenly around otherwise shadowed surfaces. Two rotational motors provide vertical and horizontal motion to the fixed spray nozzle. An air compressor is used to set up a vacuum pump effect that draws the custom mixed solution from a single session cup to provide two fine mist passes for full coverage. | |
| ELECTRICAL CONNECTION | Wall Outlet - NEMA 6-20 | |
